- Loyalty Bonus is payable at the end of the 30th policy year or at the end of the policy year when the Life Assured attains age 64 (nearest birthday), whichever is later, as shown in the following Table. This benefit will NOT be payable if the payout age falls after Policy Renewal.

Table: Loyalty Bonus Payout Age

Entry Age	Payout Age
15 days – 35 years old	Age 64
36 – 70 years old	Entry age + 29 years

- The extra Loyalty Bonus will be payable if the following terms and conditions are met at the point of Loyalty Bonus declaration:
 - the eligible policy is in force; and
 - no withdrawal from the Account Value has been made; and
 - all Premiums are paid up to date; and
 - direct debit authorisation is opted as the Premium payment method.

Any reduction in the insured amount, including any reduction due to Total and Permanent Disability (TPD) and/or Accelerated Critical Illness claims, shall be taken into consideration in the computation of the amount of Loyalty Bonus payable.
- It is important that you check the policy sustainability on an annual basis by referring to the statement of account to ensure that the policy remains in force until the Loyalty Bonus payout date. The sustainability information will change depending on many factors such as the performance of the fund(s), Premium payment habits, any withdrawals/top-ups made and increase in cost of insurance/policy charges.
