

Frequently Asked Questions– Medical Home Monitoring Service for Cellulitis

1. What are the criteria for home cellulitis management under Allianz Care@Home?

The service is limited to eligible policyholders who are diagnosed with cellulitis that meets the following criteria:

- 16 till 59 years old;
- not immunocompromised;
- well controlled co-morbidity;
- have at least one (1) family member or care giver at home;
- able to perform Activities of Daily Living (“ADL”);
- not improving with oral therapy;
- Cellulitis not covering more than half a limb, the face/peri-orbital cellulitis/cellulitis of the hand; and
- not pregnant

2. What if I am not qualified for the home cellulitis management?

If the condition warrants for admission, patient may proceed for hospital admission and the usual process of obtaining Guarantee Letter (“GL”) request remains status quo. If member wishes to opt for Speedoc’s other services, it would be on self-pay basis.

3. When can I call Speedoc’s medical assistance center to request the service?

You can call Speedoc’s medical assistance center (+60 11 4166 1178) at any time. However, for the doctor house-call visit, it is only available from Monday to Sunday (including Public Holiday) from 8am – 8pm.

4. What are the documents needed to be completed?

Once Speedoc’s team arrives at a patient’s home, the patient just needs to sign the Pre-Authorization Form (PAF) and Speedoc’s Consent Form.

5. When will the doctor or nurse come to my house after I request the service from Speedoc?

For the first visit, Speedoc will confirm your appointment for doctor house-call visit once they confirm the eligibility or your insurance policy and their doctor’s availability. This process may take 1 - 3 hours to confirm your appointment. Once your appointment is confirmed, the doctor will take approximately 60 - 90 minutes to arrive at your house.

6. Is Speedoc able to issue medical certificate (MC) for patients under Allianz Care@Home?

Yes, Speedoc is able to facilitate either a physical MC or via email.

7. Do I still need to request for a Guarantee Letter when I activate Speedoc for Allianz Care@Home?

No. Allianz has established a workflow with Speedoc where GL is not required for Allianz Care@Home. Unless if the patient is being escalated to be admitted into a hospital, Speedoc will coordinate with Allianz for the admission GL.

8. What happens if during the cellulitis home care management, the patient develops severe symptoms?

The patient or caregiver should immediately contact the Speedoc medical team. Speedoc will determine if the patient requires an urgent home visit after a tele-consultation.

In the event the patient’s medical condition worsened and can no longer be able to be treated at home, patient will be advised to be admitted to a hospital and the Speedoc medical team will notify Allianz for the admission. Speedoc will arrange ambulance services if needed.

9. Will there be a follow-up by Speedoc after the patient is discharged?

Yes. Speedoc will arrange a follow-up call 3 days after the patient is discharged to monitor the recovery. Patient can access to Speedoc anytime thereafter if they have any issue.

10. Which area does Allianz Care@Home service cover?

This service is available in Klang Valley, Penang, Ipoh, Negeri Sembilan, Melaka and Johor at the moment. More locations will be made available in due course.
