Safeguarding growth: Allianz General empowers businesses with resilience-focused solutions

Kuala Lumpur, 12 May 2026 – Allianz General Insurance Company (Malaysia) Berhad (Allianz General) is committed to empowering small and medium enterprises (SMEs) with innovative solutions that help them build resilience and thrive in an ever-evolving business landscape.

Amid heightened economic headwinds wrought by geopolitical tensions, trade restrictions and supply chain disruptions, Allianz General provides tailored solutions that address key vulnerabilities, helping businesses safeguard their operations and adapt to evolving risks.

Through its complimentary financial assistance for unexpected business closures and complimentary coverage for foreign workers, Allianz General ensures SMEs have the tools and support they need to recover and seize opportunities for growth.

“Our goal is to provide businesses with a safety net that not only protects their assets but also empowers them to recover and rebuild stronger when unforeseen events occur,” said Sean Wang, Chief Executive Officer of Allianz General. “We are fully committed to being a trusted partner for SMEs and commercial entities in Malaysia.”

Empowering SMEs with Tailored Solutions

For business owners, extended closures can severely impact operations, potentially resulting in revenue losses and even staff layoffs.

To support corporate policyholders during such challenging times, Allianz General is offering one-time financial assistance of up to RM20,000 under active Allianz Business Shield, Standard Fire or Commercial Fire policies. This benefit applies when a covered event leads to the insured premises being forced to shut down for at least 48 hours.

This financial assistance complements the comprehensive coverage offered by Allianz Business Shield, which offers tailored protection based on customers’ specific needs. It also leverages the

Standard Fire and Commercial Fire policies, which can be extended to cover not only fire-related financial losses but also risks such as floods, damage from falling trees and more.

The one-off financial assistance is available from 1 February 2026 to 31 December 2026 or until the total financial relief paid out reaches RM2.5 million.

Supporting Employers and Their Workforce

Recognising that many businesses across various industries employ foreign workers, Allianz General offers business owners enhanced coverage through its Foreign Workers Hospitalization and Surgical (FWHS) policy, helping to alleviate the financial burden on employers should their foreign workers require hospitalisation due to accident or illness.

Allianz General also provides added financial security through complimentary RM10,000 one-year Group Personal Accident (GPA) coverage. This coverage provides support for accidental death or permanent disablement and is included with every FWHS policy issued between 1 February 2026 to 31 December 2026.
