## Did you know that most motorcycles in Malaysia come with a standard Manufacturer Warranty of only 2 years?

“

I worry about the potential for costly repairs once the Manufacturer Warranty expires. Not only would the bills be a financial burden, but being without my motorcycle would also make it difficult for me to commute to work.

*Note: Manufacturer Warranty period may vary by vehicle brand/model.*

Brand-new out of the showroom...

“

For me, **Allianz Bike Warranty** means not having to worry about sudden, costly bills for engine or gearbox repairs. It's a smart way to protect my wallet while I enjoy my ride.
