Tailor your home coverage to fit your budget with Smart Home Cover Annual or Multi-Year Plans!

Introducing **Smart Home Cover** - your all-in-one home protection!

Choose Annual or Multi-Year Plans that provides a three-year protection at lower premiums. Furthermore, your investment is secured with Smart Home Cover has you covered.

HouseOwner (Building) — covers your residential building against damage by fire, flood, and other insured perils

HouseOwner (Building) policy offers protection for your home's structure, fixtures, fittings, wiring, walls, gates, and fences against various risks, including fire, flood, lightning, windstorm, earthquake, burglary and overflowing of water tanks and pipes, among others.

You can choose to insure on an agreed value using our Allianz built-in sum insured calculator. This tool helps you determine the appropriate sum insured for your home and how much it would cost to completely rebuild your home if it was destroyed.

The policy also includes Temporary Repairs Benefit, covering temporary repairs to the premises due to any insured event.

CLICK HERE Fill in your details to calculate the sum insured for your building.
